

Enhance Your Theatre Experience.

DOWNLOAD the **NEW** GoTheatrical app to your iPad or iPhone to view live English subtitles of this performance!

theatrecaptioning.com.au

Here's How To Receive Captions On Your 3G-Enabled iPad Or iPhone

1. Go to the **App Store** on your iPad, iPod Touch or iPhone.
2. Search for **GoTheatrical**.
3. Download/install the App – note cost \$1.99.
4. Run the GoTheatrical App.
5. Optionally enter your email address, name and postcode to receive updates and news of upcoming shows.

6. Tap anywhere on the screen and it will take you to the main menu, tap **Select Show** and you will see a list of events at all the venues.

To watch the captioning of the launch, select the name of the event you wish to see listed under **Canberra Theatre Centre**.

7. If you tap the screen again and go to **Settings**, you can modify the brightness of the screen. This only affects GoTheatrical, and when you restart the application, it will remember your settings. Just tap **RETURN TO CAPTIONS** in the left corner.
8. If you cannot get access to an iOS device for the launch, a limited number of iPod Touch's will be available to borrow at the launch.
